

Alternative Fuel and Air Quality at Oakland International (OAK)

Green Airport Fleets Workshop and Expo
January 26, 2010

Alternative Fuel Program

- Encourages ground transportation operators -- taxicabs, shuttles, vans and buses -- to use alternative fuels

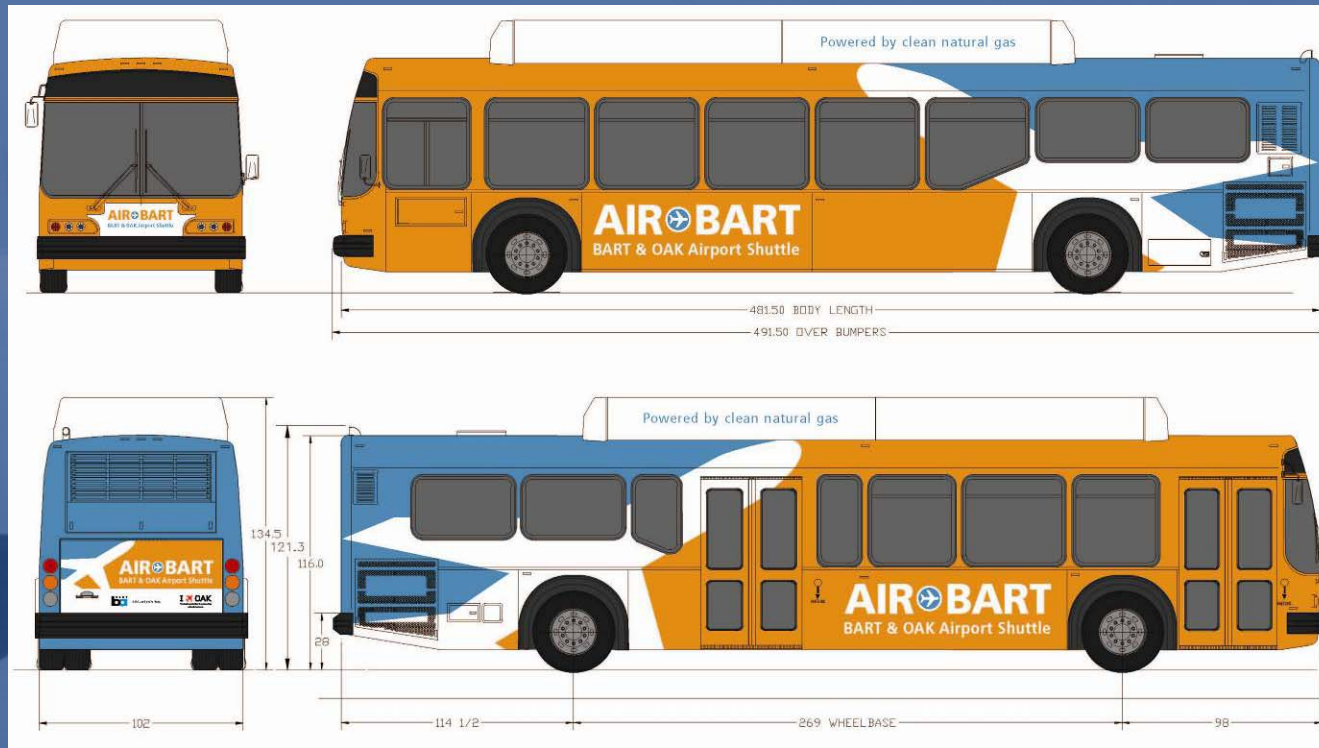

CNG Filling Station

- Opened in OAK's North Field in 2002
- Dispensed 400,000 GGE in 2008

CNG AirBART Shuttle Buses

- TFCA Grant funds from BAAQMD helped the Port buy 5 new CNG AirBART buses

Electric Ground Support Equipment

Southwest Airlines' GSE and electric rechargers

Air Quality and Climate Programs

- 400 Hz Power and Pre-conditioned Air
- Solar Power
- Emissions Inventory
- LEED-Silver Certified
